

Purpose of the Baccalaureate of Science in Nursing Program

The purpose of the baccalaureate program is to prepare professional nurses, who as generalists, possess clinical competence to function in a variety of settings. Patient-centered care, quality and safety, collaboration and teamwork, the use of evidence-based practice, informatics, and ethics are emphasized. The program prepares graduates to deliver holistic nursing care to individuals, families, communities, and populations, and to participate in the advancement of the nursing profession.
