Response:

The Library subsidizes \$14.00 each semester for students but cannot provide free printing for all things students may want to print. Even with a charge of seven cents a page after the subsidized prints are used, each day many papers are left in the printers and are thrown into recycling bins. The Library contacted the professors in the classes mentioned in the comments to clarify or reduce the printing these classes are requiring. The professors indicated that printing the entire manual is not necessary.
