		72	85	70	65
Percentage of use	43.5%	24.8%	29.5%	24.8%	23.6%

These numbers are a best estimate based on the following factors:

- Numbers of faculty who use Turnitin.com are from the statistics generated on the Turnitin.com website.
- Faculty who use Turnitin.com are able to do so via a Dropbox in the University's course management system.
- Some faculty, particularly in the Writing Department, use Turnitin.com as a teaching tool. They have all their students submit a of their papers via the Dropbox in their courses.
- Some faculty have all of their students submit their papers via the Dropbox in their courses.
- Some faculty do not use the course management system. When they have a paper that they want to check for plagiarism, they submit the paper either to a librarian or to a staff member in the Center for Teaching and Learning (CTLE) to submit the paper and return the Originality Report to the faculty member.
- Some of the facultySoeehS. Although there was an increase of almost 18% over

ve during that time, nor did the Library conduct any publicity campaign to
an Academic Integrity Day on campus for students, faculty, and staff
